Sound levels
Sound level is limited by housing company to 90dB(A) LEq 10min at FOH position. Calibrated measuring equipment is provided. Plexi shield for drum kit available.

Performance times
Performance with encore must end before 22.00 local time. This is non-negotiable and strictly enforced and is not subject to change by any promoter contracts whatsoever.

Lighting Equipment
Ritz_lighting_2026_PATCH.pdf

Console: Chamsys PC wing with touchscreen
Smoke: Robe HAZE 500 FT PRO
Electricity: 1x CEE63A (Subcabinet with 2x CEE16; 1x CEE32 and 3x Schuko 16A) 1x CEE32A

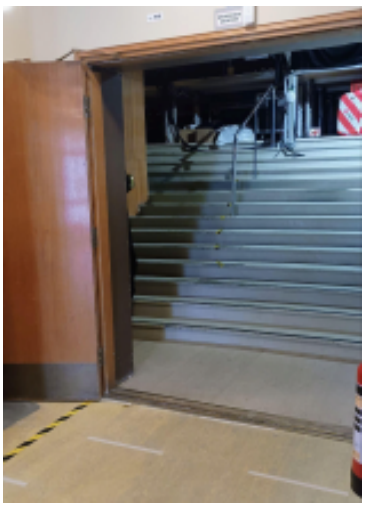
Stage
Stage is split in two with the lower stage (10x4m) at 1m height from audience floor, and the upper stage at approximately 9,4m wide and 3m deep at 2m height from floor. The whole stage is covered in a black carpet. Stage is straight, audience floor slightly raked. Possible to hang up to 5x5 m backdrop from rear truss.

Emergency Exit
Emergency exit routes for the lower auditorium go through backstage and must not be blocked during performance. Emergency exit route goes on **each side of stage and must remain clear** during performance.

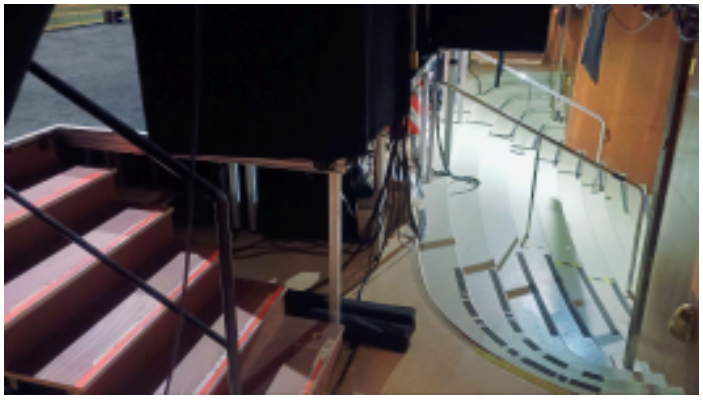
Video
Large screen approx. 5x9m in front of upper stage. Projector is Barco DP2K-10sx 9000 ANSI lumen. Smaller 4,6x2,7m screen front projected for rear truss available at extra cost.

Load in
Load in at Ritz is not easy. There is room for a truck to **temporarily** stop in front of backstage. From backstage to stage there are stairs (approx. 20) up to the main floor.
From there another 6 stairs to get up on the stage.
Backstage entrance is from the alley. Address: Toimittajankuja. Or try: Hovioikeudenpuistikko 7, VAASA

Steps from alley to backstage



Steps from backstage to main floor.



Steps from backstage to main floor, up to stage.

Stagehands
Stagehands are not provided by Ritz. If the production needs stagehands, the promoter must provide stagehands at his own expense.

Parking
It is not possible to park near the back entrance. The alley where the entrance is located is a fire rescue path for the whole block, and parking is FORBIDDEN. Stopping near the entrance is only allowed during load-in and load-out, but please ensure that you are not blocking the garages. Parking for cars and vans can usually be found on nearby streets. Bus parking is easiest on Korsholmanpuistikko (1 km away). SEE MAP at BOTTOM
